Here is a glimpse at the Thanks Giving Tuesday highlights:

Thanks to the generosity of our FutureFunders, this year’s Giving Tuesday was the biggest fundraising day in the history of Carleton University. Here are some special thank-you notes from FutureFunder champions who were supported by our donors.

"Thanks to changemakers like you, this past Giving Tuesday was the biggest donation day in Carleton University’s history! We raised $2,059,490, surpassing our goal of $2 million for good. Thanks to the generosity of our 76 FutureFunder campaigns and hundreds of Giving Funds, we received gifts from all over the world, from as far as New Zealand and as near as our own backyard. We had 106 donations by 12:11 a.m. on Tuesday, November 24, and the last gift was made at 23:59. The first gift was made at exactly midnight.

"Butterfields“ and the Department of Earth Sciences acknowledge the generous support of our donors. Your support ensures that Earth Sciences students are empowered to pursue their interests in research and study. Students are encouraged to learn, think critically, embrace diversity, and engage stakeholders in making meaningful contributions to the world. These capstone projects are dedicated to the memory of Charlie Roots. These capstone projects help make these projects into realities.

"Carleton University Art Gallery (CUAG) is so grateful for your support of Laura Taler’s ‘THREE SONGS’ exhibition. Your gift allows CUAG to continue supporting the arts with events open to the public, like an Evening with Italian satirist Laura Taler, this year’s project, ‘The Ringling’, which includes three ambitious video installations for presentation at CUAG in 2020, and our lecture series. Your support ensures that CUAG can continue its mission to promote the creation, appreciation, and understanding of artistic expression. Thank you for your support!" - CUAG

"Your support gives back to the needs of our communities, impacting causes such as inclusion, equity and access. As we continue to navigate the challenges presented by the COVID-19 pandemic, it is through the generosity of our donors that the Carleton Planetary Robotics Team is able to send our rover and team members to our home planet, the Moon, and beyond. This year, with your help, we'll be able to send our rover and team members to our home planet, the Moon, and beyond.

"Planetary Robotics Team" - thank you for your support of the Carleton Planetary Robotics Team! With your help, we're able to send our rover and team members to our home planet, the Moon, and beyond. Thank you for your support of the Carleton Planetary Robotics Team!" - Planetary Robotics Team

"Carleton’s Grand Mexican restaurant Tostadas also thanks the Carleton community, its students, faculty, staff, and alumni for a successful Giving Tuesday! 76 FutureFunder campaigns and hundreds of Giving Funds helped us to raise $2 Million for good. Take a glimpse at this year's campaign and thank you for your support!" - Tostadas

"Carleton University competitive squash team! Your donation is building a team of engaged and enthusiastic students, and providing them an opportunity to learn and train with professional coaches and76 FutureFunder campaigns and hundreds of Giving Funds helped us to raise $2 Million for good. Take a glimpse at this year's campaign and thank you for your support!" - Carleton Competitive Squash Team
